All previous rejections and objections are hereby withdrawn.

Claims 17-28 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-22 of U.S. Patent No. 6,607,996. Although the conflicting claims are not identical, they are not patentably distinct from each other because the characteristics of the patent and application overlap and are therefore obvious variations of each other.

Applicants' remarks are moot since all previous rejections have been withdrawn except for the above obviousness type double patenting rejection over patented application 09/351,413 for which applicants have provided no response.
